Dear Mrs. Kaufman and Miss Miller:

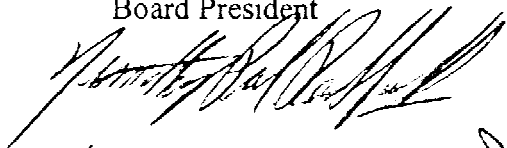

In response to your presentation to the Laurel Board of Education on August 15, 2006, we want to be certain that we address your concerns. Please be advised that the Laurel Board of Education and the Administration are committed to maintaining our existing competitive inter-scholastic sports programs. In conjunction with our sports programs, the Laurel School District offers numerous co-curricular opportunities from which students may choose.

The Board and the Administration have been contacted to add other sports programs. These requests have been denied. The addition of each sports program actually weakens the existing programs whether District-sponsored or in a Cooperative Program with another school district. The Board and Administration remain committed to our existing programs. Our present inter-scholastic athletic programs and our co-curricular offerings meet the needs of our student body without conflicting with one another.

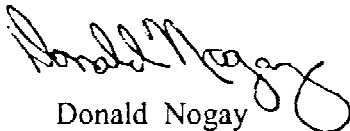

The Laurel School District does not wish to jeopardize or compromise our current programs. Therefore, the Laurel Board of Education and the Administration do not wish to add any additional inter-scholastic athletic sports programs or to form cooperative agreements with other school districts.

Sincerely,

Timothy P. Redfoot  
Board President
